

WHAT IS TS008?

TS008 has come in to effect that sets the advanced security requirements of letterplates. The updated door standard PAS24:2016, now requires that a door fitted with a letterplate has to have a letterplate that is tested to and meets the requirements of TS008. As well as covering key fishing, TS008 also covers preventing being able to unlock the door through the letterplate, whilst also allowing postal items to pass freely through it.

THE SOTERIAN TS008 LETTERPLATE

Named after the Goddess of Safety, the Soterian letterplate is stylish, streamlined and secure. It is the ultimate TS008 certified letterplate, made to protect and perfect your door. It is highly engineered with over 120 different processes in each letterplate, setting it apart from anything else currently on the market.

It has many features including:

Aluminium flap construction

Quick and easy fitting

Can withstand thousands of openings

Smooth working mechanism

No visible fixings

Designed for 44mm composite and timber doors – 48mm, 54mm, 56mm and 70mm versions coming soon

Offers maximum protection from key fishing

37 degrees opening to protect against key fishing

Patent pending

Full unrestricted door opening – minimal internal flap projection of only 35mm from the door falls within the end of the door handle meaning the door will open FULLY without the letterplate stopping it doing so

Anti-Vandal® feature

BSi certified to work on PAS24:2016 doors

Fire Rated Version Available
