SLIMLINE PULL ESCUTCHEON

PACKAGING

Each outer box contains 20 individually bagged escutcheons each with a fixing plate.

MAINTENANCE

To maintain a high quality appearance and operation we recommend that all external hardware is cleaned routinely, and moving parts are lightly lubricated a minimum of twice a year. Products used within a 1 mile radius of coastal areas, building sites or large industrial areas, more regular cleaning will be required to prevent build up of corrosive contaminants.
